How to make pearl rings?

Have you always wanted to learn how to make a homemade pearl ring? Our partner Les Perles par Puca® teaches you in this tutorial how to create a seed bead ring with a cabochon by Puca®. Weave Miyuki seed beads with faceted round beads and get a nice original and colorful ring. And to accompany this creation, Puca has made a Pamela Bracelet pattern. What to have a beautiful matching jewelry that match perfectly.

For her pattern, Puca chose to use gold beads with a cherry red cabochon. A variation proposed by Puca is available at the bottom of the page in a blue and silver version. However, if you want to choose other colors, we have a whole range of [cabochons by Puca®](#). Please note that this pattern is for a cabochon size of 18mm. To adjust the creation to your finger size, in step 22 of the pattern, you will have to remove or add bead repeats.

If you liked this tutorial, I suggest you other [pearl ring tutorials](#) that our partner Puca® has made.
