How to use the cabochons?

The new glass cabochons by Puca® have arrived on the site! For the occasion, our partner Les Perles par Puca® offers you the Pamela Bracelet pattern. In this tutorial, learn how to use the cabochons by Puca® in combination with Samos® beads and Miyuki Delicas and Golden Rocailles beads. You will create settings for the cabochons with Miyuki beads and create a kind of cuff bracelet by interleaving a Samos bead with a cabochon. And to complete this creation, Puca offers you the Litchi Ring pattern, which will match perfectly with the bracelet. For this creation, Puca has chosen gold and red colors. But there is nothing better than to let your creativity speak for itself by choosing the colors that suit you. You can find our entire range of [cabochons by Puca®](#) as well as all our [Samos® beads](#) on our website. Attention, this picture was made with 18mm cabochons. And for the most fanciful among you, you can also add cabochons to make a choker necklace.
