*How to make a rush bracelet with miyuki?*

New at beads and co: Miyuki bangle bracelets and special weaving rings. Discover 3 widths of beads to decorate with Miyuki delica 11/0 or 15/0. You can wear them alone or in accumulation. Weaving rings are also available in 3 widths and several sizes. These Miyuki weaving brackets are also available in silver. The rope bracelets are compatible with a maximum of 21 cm.

The widest bracelet and ring allow 3 rows wide Peyote weaving in Delica 11/0 and 4 rows wide in Miyuki delica 15/0. You can also thread miyuki delica 11/0 on a wire and tie it around the ring. In this case you can make 3 rows of beads.

The bracelet and the ring of intermediate width allow a Peyote weaving of 2 rows wide in delica 11/0 and 3 rows wide in delica 15/0. You can also thread 11/0 delica miyuki on a wire and make 2 rows.

The thinner bracelet and ring do not really allow for Miyuki weaving. You can use the technique of stringing beads with 15/0 delica so that they fit well in the space provided.

To adapt the current pattern to the intermediate size rush, simply remove the last row of beads to make it only 2 beads wide. You can also use this pattern on the intermediate bead ring with 15/0 delica, but there may not be the same colors available. Finally, this pattern can be used for the ring as well. Remember to start in the center so you can adjust the length of the pattern on both sides.

The beads allow for a weave of 122 Miyuki delica 11/0 beads. Tell us in comments if you want a pattern with 15/0 delica or with the intermediate bracelet size.
