How to make pearl earrings?

For the release of the new colors of Piros® beads, our partner Les Perles par Puca® offers you a new pattern for dangling earrings. In this tutorial, Puca teaches you how to weave Piros® beads and Tinos® beads with Rocailles beads and spinners. You'll get a nice pair of beaded ear rings! These colors will be perfect to accessorize your spring outfits with the beautiful days coming soon.

For this pattern, Puca offers you a second version with a little variation on the top of the earring. You will need Arcos® beads if you choose this version. These two patterns are offered with several variations in color: purple, green, white ... It's up to you to choose your favorite or to create your own color combination. For this, find all our range of [Piros beads](#), [Tinos beads](#) and [Arcos beads](#) on our website.
