How to make a pendant yourself?

Our partner Les Perles par Puca® offers you a new bead pendant pattern to celebrate the release of the new colors of Samos® beads. In this tutorial, learn how to combine Samos, Kalos and Arcos beads around a mounting ring to create a pretty petunia flower shape. If you haven't come up with a gift idea for Mother's Day yet, this fancy pendant is the perfect opportunity to get started on a personalized piece of jewelry.

This Petunia pendant is available in several colors. Puca® offers a green and a blue green version, but you can choose another color among the [Samos beads](#) we have on the site. And for the most creative among you, you can even mix the colors together if you want. To wear it, we suggest you add a chain length of about 80cm for a necklace. Otherwise, you can also add a carabiner to wear it as a bag jewel for example.
