*How to make pearl earrings?*

Discover in this tutorial, from our partner Les Perles par Puca®, how to make a pair of dangling pearl earrings. Woven from the new colors of Metalust Samos pearls by Puca®, these pearl earrings, inspired by a turtle shape, will be perfect for accessorizing your summer outfit. And because Puca® thinks of everything, we also offer a Turtle bracelet to match your earrings. Created from Samos and Arcos beads, you'll need very few materials to make them. This tutorial is perfect for beginners who want to start beading on a budget. Puca® has chosen the color blue for its pattern, but feel free to use your imagination to create a piece of jewelry that suits you. You'll find all our colors of Samos and Arcos beads on the site. As for Rocailles beads, if you're not from the silver team, you can modify the list of materials by choosing gold or colored Miyuki Rocailles. Find earring tutorials by Puca® on the website.
