steps

★ Step 1/3

Cut a 15-20 cm piece of metal wire.
String your beads in the pattern and combination you want for your vintage earrings.

★ Step 2/3

Form a rather large loop and slip the stud into it before closing the loop.
Wedge the pearls flush with the first loop.
Cut the thread short enough on the other side to form a second, smaller loop.

★ Step 3/3

Bend your wire at 90° and form your loop with round-tipped pliers.
Pass the second loop through the first and close it.
Your assembly is now complete.
