How to make weaving earrings?

To coincide with the launch of the new Amos® pearls, our partner Les Perles par Puca® offers a new earring pattern: the Aïna model. With this pattern, you'll create a pretty pair of earrings that may remind you of an angel shape. Combined with a beautiful pair of rhinestone sleepers, they'll be ideal for adding a touch of elegance to your everyday outfits. Quite easy to make, this pattern is accessible to beginners thanks to Puca®'s detailed explanations.

Puca® offers these dangling earrings in a gold and white version with a touch of pink. But feel free to make this pattern your own by choosing other colors if you like. We have a wide selection of par Puca® beads on our site. You can also find all our Miuyki Rocailles bead colors.
