

## PERLE TWO WITH LIPSI PEARLS BY PUCA®, FRANCE

By : Puca

Intermediate

1h

### *How to make a pearl necklace?*

Discover the new pattern proposed by our partner Les Perles par Puca® for the release of the new Lipsi Ice Sluhsy® colors! In this tutorial, you'll learn how to weave Lipsi glass beads with PureCrystal rocailles and toupies. By the end of the tutorial, you'll have a range of beads that you can weave endlessly. In her tutorial, Puca® suggests several ways of wearing this pearl: as a single piece or in an accumulation, as a necklace or a long necklace... in short, the variations are endless! All you need to do is add a chain, a clasp, rings, etc., depending on the type of jewel you want.

The list of materials has been created for the violet version of the pearl. You'll find the other colors of Lipsi beads and spinning top beads in the list of variations. You can also visit the Lipsi by Puca® and Toupies 3mm PureCrystal categories on our website for more color choices.

Download the schematic: Perle Two by Puca®

NB: for stock reasons, it is possible that the list of materials has been modified and that some products have been replaced by equivalents.
