How to create a pearl pendant

Discover the new Azel Pendant pattern by Puca® to coincide with the release of the new Metallic Mat cabochons. To learn how to make this pendant, open the pdf and follow Puca's detailed step-by-step instructions. Weave Piros®, PureCrystal and Miyuki beads around the cabochon, which will be the centerpiece of the pendant. To begin this pattern, glue your cabochon to the fabric to be embroidered and simply bring along your thread, needle and beads. Take a step-by-step approach and create a one-of-a-kind piece of jewelry.

For this pattern, Puca® offers several possible color variations: the first in shades of purple and gold, and the second in shades of green and gold. You can find all these variations at the bottom of the page in the list of materials. But feel free to choose your own colors, as we have a wide range of [cabochons by Puca®](#), [Piros® beads](#) and [spinning top beads](#) on the site.
