*How to customize a wooden box?*

Still haven't thought about the gift you're going to give your mom for Mother's Day? Don't worry, our partner Les Perles par Puca® offers you this pretty Ecrin Surprise scheme in which you'll learn how to customize a wooden box with beads. She'll be able to store her jewelry, sweet notes from her children, pearls and much more.

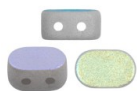

To personalize this wooden stand, Puca® lets you combine Lipsi® beads with spinning beads and seed beads. You'll make two different weaves: one on the top of the box and the other all around the box. This creation is infinitely customizable, so you can adapt it to your mom's tastes if you choose to give it to her. For this design, Puca suggests using pearls with AB reflections. But you can also choose other colors. You can find all the references for Lipsi by Puca® beads on our website.
