How to make an adjustable bracelet?

Summer is here and it's the perfect time to add colorful jewelry to our summer outfits. It's perfect timing! With the release of the new collection of Samos® La Divine Translucent by Puca® beads, it's time to learn how to create a glass bead bracelet in fresh, acidic colors, perfect for summer. Simple to make, even for beginners, it's sure to make an impact. Getting started?

For a 17 cm bracelet, designer Puca used 27 Samos®. These double-drilled oval beads were mixed with 3 mm toupies, 15/0 seed beads and 11/0 Miyuki seed beads.

There are several ways to attach this pearl bracelet:

- the stopper pearl, used as a clasp, closes the bracelet securely and fits any wrist. Very practical if you want to offer your DIY creation to someone but don't know their wrist size!
- the classic lobster clasp or buoy clasp hooked onto the finishing end-pieces thanks to open rings.

If you want to look your best this summer, you can make several DIY bracelets and wear them in an accumulation thanks to all the colors of the Samos® beads by Puca®beads available on our website. Variety is the key!

Download Puca's pattern and follow the step-by-step instructions to make colorful bracelets: Modesty bracelet with Samos® by Puca®.
