How to make a pearl necklace

To coincide with the launch of the new Samos® pearl range , our partner Puca® has created a new pattern for a necklace made from glass beads . This DIY piece of jewelry will add an original and chic touch to all your outfits. To make this necklace, Puca has woven Samos® pearls with Arcos® and Piros® pearls by Puca®, 3 mm facets, 15/0 seed beads and 8/0 seed beads.

In her pattern, Puca suggests you make this necklace in shades of purple and gold. Not a fan of purple? Don't worry, on our site you'll find a wide choice of bead colors by Puca® to make a personalized piece of jewelry in the colors that suit you.

Feel free to choose the chain and lobster clasp of your choice. You can also adapt the size of the weave to suit your desired effect. In short, let your imagination be your guide!
