*How to make pearl earrings?*

For the new Minos by Puca® beads range , our partner designer Puca® offers a new pattern for making glass bead earrings. This DIY jewel can also be used as a pendant, which is pretty cool, don't you think?

To make these earrings, Puca® has woven Minos® beads with Piro par Puca® beads, 15/0 seed beads and 11/0 seed beads.

In her pattern, Puca suggests you make this pattern in blue and gold tones. Take a look at our website, where you'll find a wide choice of Minos par Puca® bead colors, so you can make a personalized piece of jewelry in the colors that suit you best.

If you choose to make this pattern as a pendant, don't forget to modify the material in the basket, removing the sleepers and adding the chain of your choice and a snap hook to make a necklace.
