How to make pearl earrings?

To coincide with the new release of Arcos La Divine by Puca® pearls, our partner Les Perles par Puca® is offering you a pretty scheme of dangling earrings. The small chains will add a chic touch to your outfit. Will you adopt them?

To make these earrings, Puca wove Arcos® pearls with PureCrystal toupees, round pearls, 15/0 seed beads and 11/0 seed beads to create the Arcade bead. She then added small gold pendant chains with two small drops. In her diagram, Puca suggests you make these earrings in shades of purple, pink and gold. But let yourself be tempted by other colors. We have a wide choice of seed beads and spinning tops on the site. You'll also find the other colors in the La Divine collection for Arcos® beads on the variation list.

If you like Puca®'s creations, you'll find all her tutorials on our site. And don't hesitate to add a comment below this tutorial if you liked it!
