

## MAGDALENA BY PUCA® BRACELET

By : Puca

Intermediate

2h

*How to create a bracelet with flat beads?*

New beads from the Lipsi® range arrive on the Perles and Co website! To mark the occasion, a new tutorial awaits you: the Magdalena bracelet. These glass beads are oval-shaped and double-drilled, enabling you to create a wide variety of unique jewelry designs. Lipsi® beads are designed to match all other bead ranges by Puca®. Let your imagination guide you in the creation of jewelry. This tutorial is at an intermediate level, but if you're new to bead weaving, you can challenge yourself by carefully following the steps shared in the diagram.

The beads are available in a wide range of colors and finishes, giving you the opportunity to make beautiful Magdalena bracelets! You can wear this bracelet to add a touch of color and chic to your everyday outfits, or pair it with a black or sequined outfit for the festive season.

In this scheme, Puca® suggests using a stopper bead as a clasp system. This is very practical if you're planning to give a bracelet to a loved one and don't know their wrist size. Alternatively, you can simply choose a lobster clasp with a ring to close your bracelet. As a reminder, for a 17 cm bracelet, Puca® has woven 7 elements.
