## steps

### ★ Step 1/8

Cut about 20 cm of nylon thread, then slip one end into a crushable bead. Add your lobster clasp as you go.

### ★ Step 2/8

Using a pair of squeezing bead pliers, squeeze the bead after ironing the wire inside, so as to block your clasp.

### ★ Step 3/8

Using flat-nose pliers, add a bead cover to crush and close over your bead.

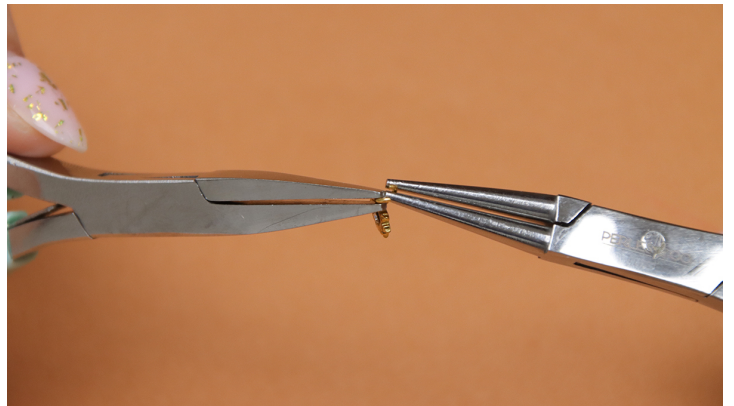

★ Step 4/8

Start the first bracelet by stringing round faceted Crazy Agate beads, then add Miyuki Galvanized Champagne seed beads and Aurora pearly beads as shown in the photo.

★ Step 5/8

Open a 3x0.6 mm ring with round and flat-nose pliers, then slide it into the mini sunburst charm.

★ Step 6/8

Once your ring is closed, you can slide the charm onto the wire and add your other beads as shown in the photo. To finish your bracelet, repeat steps 1, 2 and 3, replacing your clasp with a 5x0.7 mm ring.

★ Step 7/8

Repeat the same steps for the next bracelet, using Purple Iris faceted rondelle beads, Miyuki seed beads and mother-of-pearl beads.

★ Step 8/8

To make your third bracelet, repeat the same steps as above with the brown-tinted Agate faceted beads, the Purple Iris faceted beads, the Miyuki seed beads and don't forget to slip your dog paw charm in the middle! And that's all there is to it!
