*How to create a pencil case with glass beads?*

To mark the launch of new beads in its Samos® range , our partner Les Perles par Puca® invites you to discover a new tutorial. Discover the creation of a pencil case by Puca® that will make you dream! This tutorial is aimed at intermediate beadworkers, but if you're just starting out, don't panic! Refer to the diagram below and follow each step carefully.

Samos® beads, with their oval shape, are designed to be combined with the other par Puca® bead ranges, so you can create original and, above all, unique DIY costume jewelry! On this model, our partner has used burgundy and gold tones, but you can adapt the colors to suit your tastes, to make the pencil case more personal.

Turn these accessories into real DIY creations ! If you'd like to continue your creations in decor or accessories, we suggest you take a look at our dedicated PUCA tutorial page.
