How to create a bag jewel with glass beads?

To coincide with the arrival of the new Samos Riviera® beads, our partner [Les Perles par Puca®](#) offers a new tutorial: bag jewelry. This tutorial is aimed at the most advanced designers, but if you're a bead weaving enthusiast but a beginner, you can make the Isaée® bag jewel by carefully following the diagram.

This DIY bag jewel is a must-have for your handbags, with its three elements: the central bead, the flower and the floral ball. To personalize it even further, you can choose to make just one of these elements. What's more, the jewel is available in pink, and the shiny [Samos®](#) beads will add a touch of sparkle and style to your bags. Let yourself be seduced by their brilliance and elegance to create costume jewelry!
