

## RESIN AND STAINLESS STEEL DANGLING EARRINGS

By : laurence

Easy

10 minutes

*What to do with resin pendants?*

Looking for light, trendy and easy-to-make earrings for this summer? This DIY is for you! In just a few minutes, create a pair of bohemian or chic summer earrings, perfect for enhancing your sunny outfits.

In just a few minutes, assemble [resin petals](#) and pendants on rings, then attach them to the earstuds of your choice. The result: dangling earrings that are comfortable to wear every day - even on the beach, thanks to their stainless steel earstuds! We've also chosen them in the shape of a flower to add a romantic touch. But if you prefer a minimalist style, opt for a more sober model: the design is totally customizable to suit your tastes. We have a wide choice of [stainless steel earstuds](#) on our site.

[Resin pendants](#) are available in four colors, to be found in the list of materials at the bottom of the page. Their neutral hues work equally well with gold or silver primers, for a harmonious, customizable look.

These petal earrings are perfect for a summer wardrobe: wear them with a flowing dress for a bohemian look, linen shorts and a cotton top for casual chic, or even with a dressier dress for a terrace dinner. Their lightness and understated elegance make them a versatile accessory that complements both daytime and evening looks.

Please note: pink earrings can be made with the materials listed. You can find the materials needed for the other colors in the "Variations" section at the bottom of the page.

## Which material to use for Resin and stainless steel dangling earrings?

### SUPPLIES

Quantity : 1

### SUPPLIES

Kit of 3 Pliers professional quality for jewelry - Chain nose pliers, Cutting pliers, Round nose pliers  
Ref. : OTL-580  
Quantity : 1

## steps

### ★ Step 1/9

To begin, we'll make the **pink version**:  
Using 2 flat pliers, add a 6x0.7 mm open ring to the 2 large PLA-035 leaf pendants.

### ★ Step 2/9

Next, open the 8x0.7 mm ring and slide in : a small PVC-290 pink petal (curved side outwards), a first PLA-035 pendant mounted on the ring, 2 small petals, the second pendant mounted on the ring and finally a small pink petal (curved side outwards).  
Close the ring with 2 flat clips.

### ★ Step 3/9

Finally, open the welded ring on the back of the stud earring and slide the ring from the petal pendant into it.  
Close the ring.

★ Step 4/9

For the **white version**:

Open a 6x0.7mm ring and slide in 3 ball charms. Close the ring. Next, create the petal pendant following step 1 of the pink version, this time alternating: a PVC-342 cream petal, a PLA-032 pendant mounted on a 6x0.7 mm ring, a PVC-342 cream petal, a PLA-032 pendant mounted on a 6x0.7mm ring and finally a cream petal.

★ Step 5/9

Open the welded ring on the back of the stud earring and slide in the ring from the petal pendant. Close the ring.

★ Step 6/9

For the **orange version**:

Follow steps 1 to 3 of the pink version, using PVC-508 petals and PLA-034 pendants with SST-723 ear stud.

★ Step 7/9

Let's move on to the **shell version**:

Follow steps 1 to 2 for the pink version. Then add an open ring to attach the petal pendant to the ear stud.

★ Step 8/9

For the **khaki flower and petal version**:

Follow steps 1 to 3 for the pink version. We used 2 large pendants instead of 3 for this version. Slide onto the 8x0.7mm ring: 1 small PVC-715 petal, a large PLA-033 pendant mounted on a 6x0.7mm ring, a small petal, a large pendant mounted on a 6x0.7mm ring and a small petal. Open the soldered ring on the back of the stud earring and slide in the ring from the petal pendant. Close the ring.

★ Step 9/9

For the **orange and gold version**:

Follow steps 1 to 3 for the pink version. We've used 2 large pendants instead of 3 for this version. Slide onto the 8x0.7mm ring: 1 PVC-341 gold petal, a large PLA-034 orange pendant mounted on a 6x0.7mm ring, a gold petal, a large orange pendant mounted on a 6x0.7mm ring and a gold petal. Open the soldered ring on the back of the ACX-396 stud earring and slide in the ring from the petal pendant. Close the ring.
