How to make earrings with glass beads?

To celebrate the launch of our new beads on our website, our partner Les perles par Puca® invites you to create summery earrings. This is an intermediate-level tutorial, but if you're new to bead weaving, don't panic! You can reproduce this tutorial by following each step carefully.

Thanks to the oval shape of Lipsi® beads, you'll be able to create trendy and refined costume jewelry! In her tutorial, our partner used pink for her earrings, but you can personalize them by choosing other colors from those available on our site. You can refer to the colors used in the diagram for inspiration.

These colorful ear rings are the perfect accessory for a birthday or christening outfit to bring back freshness and sparkle.
