### *How to make a charms necklace for summer?*

Marine-inspired jewelry and charms are a must-have trend this spring-summer, so plunge straight into the world of the sea with our Odysée Perlée jewelry collection. It will transport you straight to the beach of your dreams or on a sunny cruise in search of the treasures of the sea. This collection is a set of six creations that will be ideal to match your festive summer outfits, in anticipation of a wedding for example, or with an everyday outfit to add a touch of chic.

In this tutorial, I'll show you how to make a necklace with a mix of ceramic beads, imitation mother-of-pearl beads and Fine gold plated charms. This easy-to-match necklace will add style to the simplest everyday outfits and become your best friend this season! You can also personalize it by changing the color of the ceramic beads, as well as choosing other charms or pendants.

This tutorial is suitable for beginners. You'll need: 0.36mm wire, Crimp beads and bead covers, wire protectors, extension chain, ceramic beads, imitation mother-of-pearl beads and round gold beads. You'll also need to choose three charms or pendants from our wide selection in Fine gold plated. For this tutorial, I've chosen a shell pendant, a seahorse pendant and a star charm.

If you reproduce this tutorial, we invite you to share your creation with us on social networks by mentioning Perles & Co on your post. We love to see the beautiful creations you make!

## Which material to use for Necklace with ceramic beads, mother-of-pearl beads and marine charms?

## SUPPLIES

Kit of 3 Pliers professional quality for jewelry - Chain nose pliers, Cutting pliers, Round nose pliers  
Ref. : OTL-580  
Quantity : 1

Crimping pliers x1  
Ref. : OUTIL-023  
Quantity : 1

## steps

### ★ Step 1/2

Start by cutting about 60 centimetres of wired thread. This measurement should be adjusted according to the size of your neck.

Once you've cut your wire, slip on a Crimp bead followed by a wire protector. Pass your thread through the bead again, then crush it with a pair of crush pliers. Cover your crush bead with a crush bead cover. Then crush it with your pliers.

Now you can start stringing your beads in the order of your choice.

### ★ Step 2/2

Among your beads, add the fish bead and again, repeat the previous step with the seahorse charm.
