How to make creoles with Heishi beads and charms?

Summer is just around the corner, and what better time to create your own jewelry? Find out in this tutorial how to make pretty summer creoles with Heishi beads and gold charms.

If you're new to jewelry-making, this tutorial is for you! But if you're more advanced, you can give yourself a break by creating simpler jewelry pieces, or you could try weaving a few beads onto the creoles, how about that?

These creoles are so easy to make, you'll want to create a whole collection in every color! In this tutorial, we've used blue and white Heishi beads for a seaside feel reminiscent of summer vacations at the beach, but you can also personalize this jewelry by changing the color of the Heishi beads according to the colors available on our site. Feel free to use charms you like or add your own, to create a unique piece of jewelry. In the tutorial, we've created gold creoles, but you can also opt for the silver version.

You can combine these creoles with other jewels in the Odyssée Perlée collection, like the Seed beads marine bracelets, for example. To bring out the brilliance of the gold charms, you can wear a pretty white dress or your best summer or beach outfits! Whether as a gift or for yourself, these earrings are a must-have summer accessory. Whether you're by the seaside or in your living room, don't wait any longer to create these summer creoles for yourself!

We love seeing your creations. So, if you reproduce this tutorial, don't hesitate to share it on social networks by mentioning us or tagging us on Facebook and Instagram with #Perlesandco!
