steps

★ Step 1/10

Start by opening a ring with two pliers and sliding on the blue teddy bear pendant. You can now close the ring.

★ Step 2/10

Open the heart-shaped Lobster Clasp and add the teddy bear pendant.

★ Step 3/10

Repeat step 1 with the rectangle gum pendant and slide the ring into the key ring holder.

★ Step 4/10

Cut approximately 45 centimetres of paracord and add the letter beads to form the word or first name of your choice. Then add a white large-hole bead.

★ Step 5/10

Tie a classic knot at the end to secure the beads.

★ Step 6/10

Do the same on the other side, adding 5 white large-hole beads and finishing with a bow.

★ Step 7/10

Open a ring and hook the burl onto it. You can now attach your ring to the paracord, towards the middle, by passing it through the inside. You'll need to use a little force.

★ Step 8/10

Tie the paracord to the white Lobster Clasp in a classic knot.

★ Step 9/10

Make an upward loop and iron it in front of the knot you formed in the previous step.

★ Step 10/10

With the other end of the paracord, go around the loop and slide the end into the loop you've just formed. Now you can tighten it.
Your bag jewel is ready!
