The green is a strong trend in decoration and now in fashion and jewelry. Green, fat and cacti plants are the kings of the decor! But if you do not have a green thumb, we suggest you make them paper ... so no watering problem! With paper, metal rods keep you houseplants easy to maintain!

This tutorial was chosen by the editorial team of Modes et Travaux and was part of the tutorials proposed for a "paper decoration" issue of the March 2017 issue ... you may have been recognized for the faithful readers of this magazine !

How to make a paper cactus?

#### STEP 1

Cut 4 rounds in a green sheet then 4 others in a white sheet. Have a drink to trace your circles.

#### 2ND STEP

Fold each round in 2 and lay glue on the back. Build your ball by sticking the green part on the white part, continue alternating the colors.

#### STEP 3

Cut out small triangles in your leaves that, once glued to the ball, will imitate the thorns.

#### STEP 4

Color a pot with gray acrylic and fill it with white gravel.

How to make a paper pilea?

STEP 1

Cut rounds of different sizes in a colored sheet. Make a cut in the round of the length of the radius.

2ND STEP

Put glue next to where you cut, overlap both sides about 1 cm to form a concave round.

STEP 3

Drill the center of a rod, fix with a dot of glue.

STEP 4

Color a pot with gray acrylic and fill it with white gravel. Sting your stems in the gravel.
