Ref. : KIT-489
Quantity : 1

SUPPLIES

Jewelry pliers kit with free Beads & Co Pochon
Ref. : KIT-482
Quantity : 1

steps

★ Step 1/3

Detach the clasp from the necklace and lay the chain flat, checking that the links have not twisted. Fold the chain in 2 to locate the center of the necklace.

★ Step 2/3

Using two pliers, open a ring and slide it, without closing it, into the love pendant. Place the ring in the central link and close the ring.

★ Step 3/3

Position the other charms in the same way on either side of the love pendant, keeping a regular interval of 2 wide links between each charm (the next charm is positioned on the 3rd wide link).
Here's the suggested sequence, but feel free to position the charms as you wish.
