How to make a bracelet with triangle patterns?

In this new tutorial, you'll learn how to make an even peyote bracelet with triangular patterns, crafted with Miyuki Delicas 11/0 beads. This project features a geometric pattern of small triangles one after the other, creating a delicate, harmonious effect thanks to the finesse of the beads.

Gold accents add a touch of elegance, subtly emphasizing the contours of the triangles. The combination of blue and red tones, particularly in vogue at the end of the year, gives the bracelet a modern, dynamic style. This interplay of warm and cool colors creates a jewel that's both bright and refined, perfect for enhancing any outfit.

Whether you want to complete an everyday look, add a colorful touch to an evening outfit or prepare a handmade gift, this bracelet with its contemporary patterns will satisfy all your desires. Peyote pair weaving, renowned for its simplicity and regularity, will enable you to create a solid, long-lasting piece of jewelry, while enjoying a pleasant creative moment.

If you're new to peyote pair weaving, take a look at our introductory tutorial here. And if this pattern inspires you, feel free to explore our other bead weaving tutorials: you'll discover lots of ideas for varying patterns, techniques and colors, and enriching your collection of handmade jewelry.
