

DIY MOTHER'S DAY BAG JEWELRY: PEARLY BEAD AND LETTER BOW KEYRING

By : Agathe Perles Co

Easy

15 minutes

How to make a key ring or bag jewel for Mother's Day?

Impossible to miss: in 2026, bag jewelry is more than ever the leading accessory of the moment. Present everywhere, they seduce with their ability to twist any look with character. True style allies, they instantly transform a bag (and an outfit) by adding a personal touch, from everyday to dressier occasions. Minimalist or accumulated like a gri-gri, they can be used in an infinite number of ways, adapting to every mood. This jewel of a bag was imagined as a delicate attention for Mother's Day, a small detail that makes all the difference. A creation full of meaning, to be given as a gift to celebrate those who count, with a touch that's both personal and trendy. This tutorial is accessible to all, from beginners to the most experienced, and is quick to complete. In just 15 minutes, your creation is ready! Have fun personalizing it by selecting the beads of your choice from the wide selection available on our site, for a rendering that's just like you.

If you reproduce this tutorial, we invite you to share your creation with us on social networks by mentioning Perles & Co on your post. We love to see the beautiful creations you make! Ready, set, create!

Which material to use for DIY Mother's Day bag jewelry: pearly bead and letter bow keyring?

Ref. : LTZ-302
Quantity : 1

17x18 mm opaque resin heart bead - marble Rose x1
Ref. : PLA-256
Quantity : 1

steps

★ Step 1/10

Start by sliding the push letters onto the gingham ribbon.

★ Step 2/10

Pass the gingham ribbon through the push-button letters again, so that you can hang it on the snap hook. To help you thread the ribbon through the letters, use round-tipped pliers to pull the ribbon through.

★ Step 3/10

Slide a flat-headed nail through the three heart beads, then make a loop at the top to hold a 10x1mm ring.

★ Step 4/10

Cut the excess shiny ribbon to the length of your choice, ideally with sewing scissors to avoid damaging the fabric.

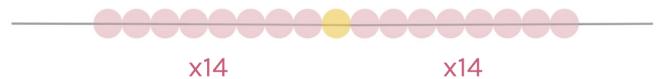

★ Step 5/10

Cut three lengths of chain, about 7cm long, and slip them into a 10x1mm ring.

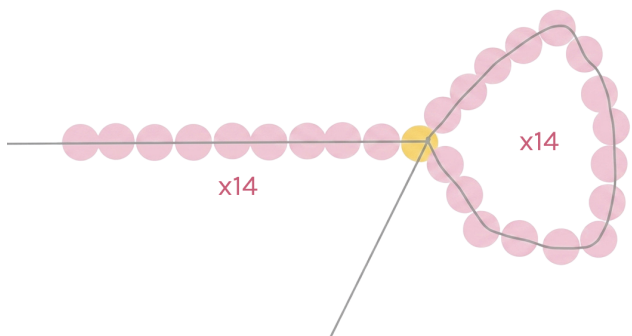

★ Step 6/10

To make the pearly bead bow, cut approximately 15cm of brass wire. Slide in an 8mm pearly bead, then 14 5mm pearly beads on either side.

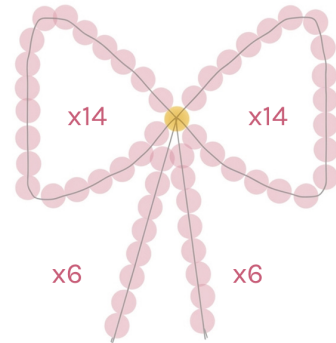

★ Step 7/10

Slide the brass wire through the 8mm pearl bead in the center, forming a loop. Do the same on the other side. The brass wire passes through the central bead a total of three times.

★ Step 8/10

Then add 6 beads to each remaining length of thread.

★ Step 9/10

Add a mini heart charm to the end of each length of thread and finish off your bow lengths by making a pigtail loop.

★ Step 10/10

Open an 8x1mm ring and add it to one of your knot's loops. Once closed, add a 10x1 ring to slide the knot over the carabiner. Your bag jewel is finished!
