How to weave a brickstitch rabbit?

Madame Lulette met Mademoiselle Lapine one day and decided to weave her in Miyuki Delicas beads. This pretty little rabbit with her crown of flowers will be perfect as a brooch on a shirt or sweater, or even on your tote bag. It's a motif we can't get enough of this autumn...

Feel free to change the colors of the flower crown by choosing from our 900+ references of [Miyuki Delicas 11/0 beads](#).

If you're new to bead weaving, we suggest you take a look at [our technical sheets](#), including the one on How to make a [brick stitch weave with augmentation and reduction](#)?

Thank you Madame Lulette for sharing the chart.
