Thanks to Aya Lovely Jewelry for this lovely creation!

This pendant was made for Mother's Day.

My mom, like many others, loves flowers and this year I wanted to give her something more original than the usual bouquet, but still in keeping with her love of flora.

So I slipped into her garden and picked a pretty leaf.

I soon knew what I was going to do with it: immortalize this leaf from the garden she takes such good care of.

Which material to use for Natural leaf textured pendant in bronze paste?
