How to create a pair of modular earrings?

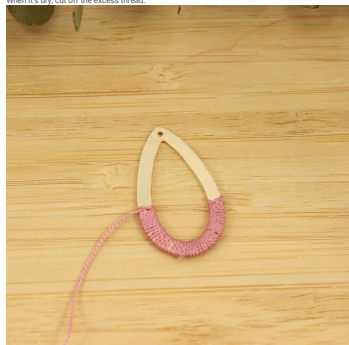

You want to create simple jewels that can adapt to your desire, your mood and your outfit? Here is a little tutorial that may please you! A nice pair of earrings made of pompons, a small piece of silk thread and drops.

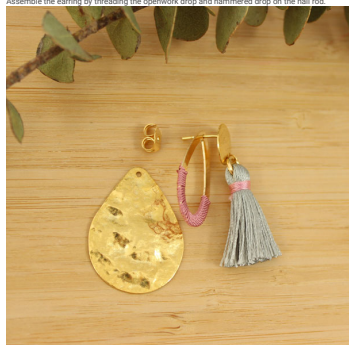

STEP 1
Hoop the pompon on the earring support thanks to the oval ring.

2ND STEP
Make a knot with the silk thread on the openwork drop and begin to wrap. Once finished, put a tip of glue gently. When it's dry, cut off the excess thread.

STEP 3
Assemble the earring by threading the openwork drop and hammered drop on the nail rod.

It's over! Since the drops are not attached to the stud, you can very well remove and put back the elements to look for a different style.

And there are also two possibilities to wear them:

So, do you like your earrings?

We would love to see your version of these loops ... so do not hesitate to send us your photos on [Facebook](#) or on our [Instagram](#) with #perlesandco, it may inspire other people!
