## steps

### ★ Step 1/3

Fill your shoe with absorbent paper or an old cloth to protect the inside. Then spread glue all over the surface. Don't be too heavy-handed at first - you can always add a little more later.

### ★ Step 2/3

Sprinkle the glitter over the glue, then press gently with your fingers to adhere the glitter to the shoe.

★ Step 3/3

Leave to dry for 24 hours without wearing them. Finally, we recommend spraying your shoes with a protective varnish, either glossy or with a silver glitter finish (for even more glitter!).

And that's it! Your shoes are now finished! You're ready to go dancing...
