0 minutes

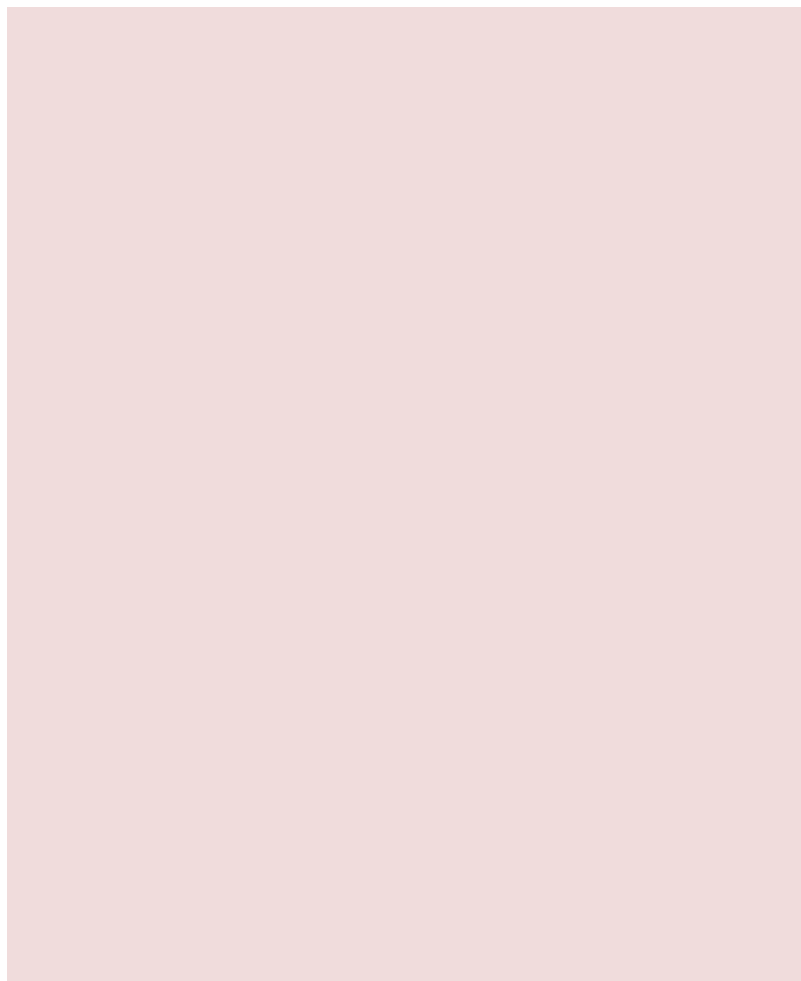

Have fun creating a small candle holder made of concrete and golden wax, it will be perfect on your party table.

Step 1-
Mix the concrete powder with water.

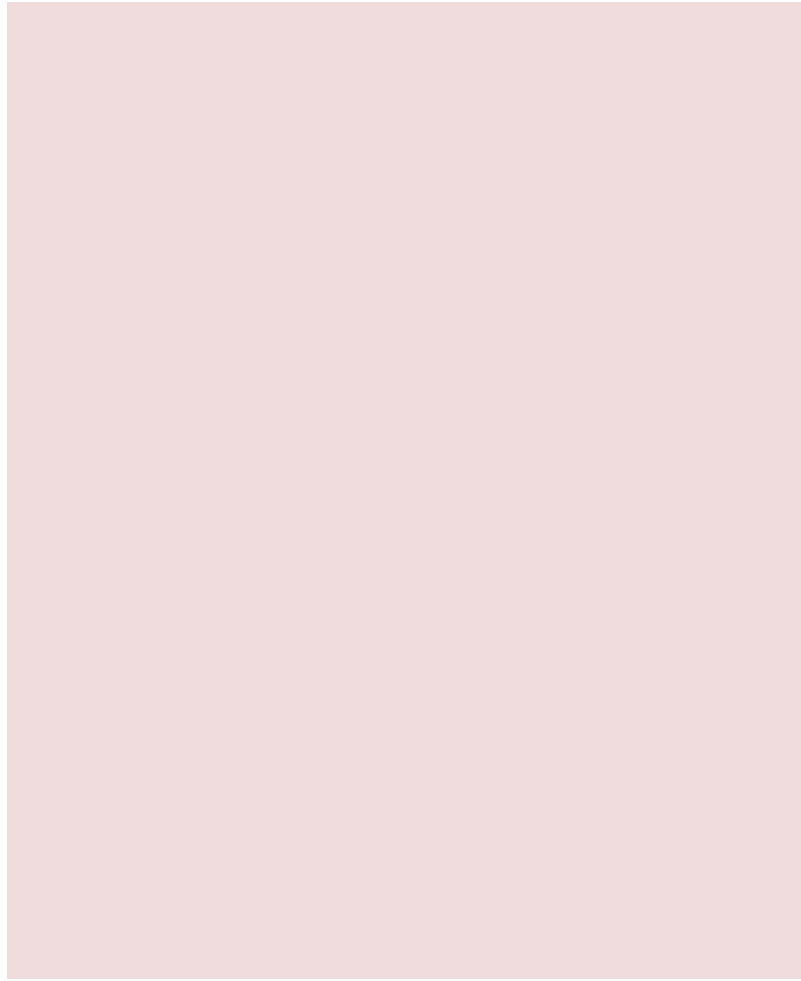

2nd step-
Oil the inside of half a Christmas ball to garnish and place upside down a candle warmer at the bottom.

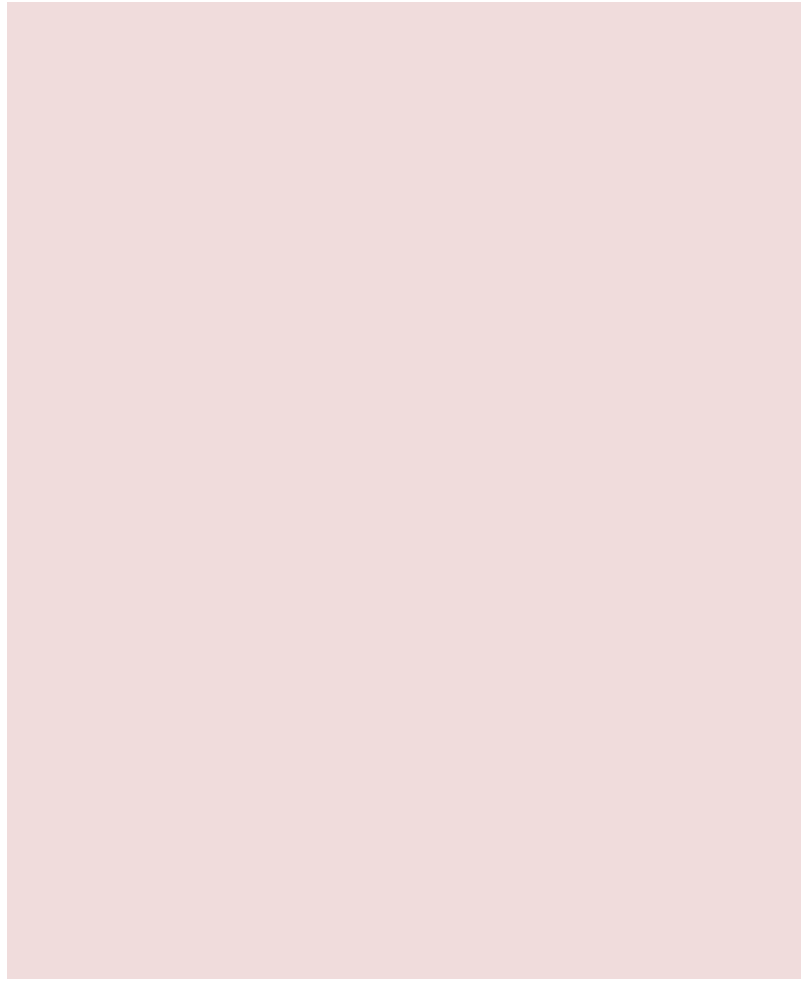

Step 3-
Pour the concrete on the candle in the half ball and let dry 24h. Turn out.

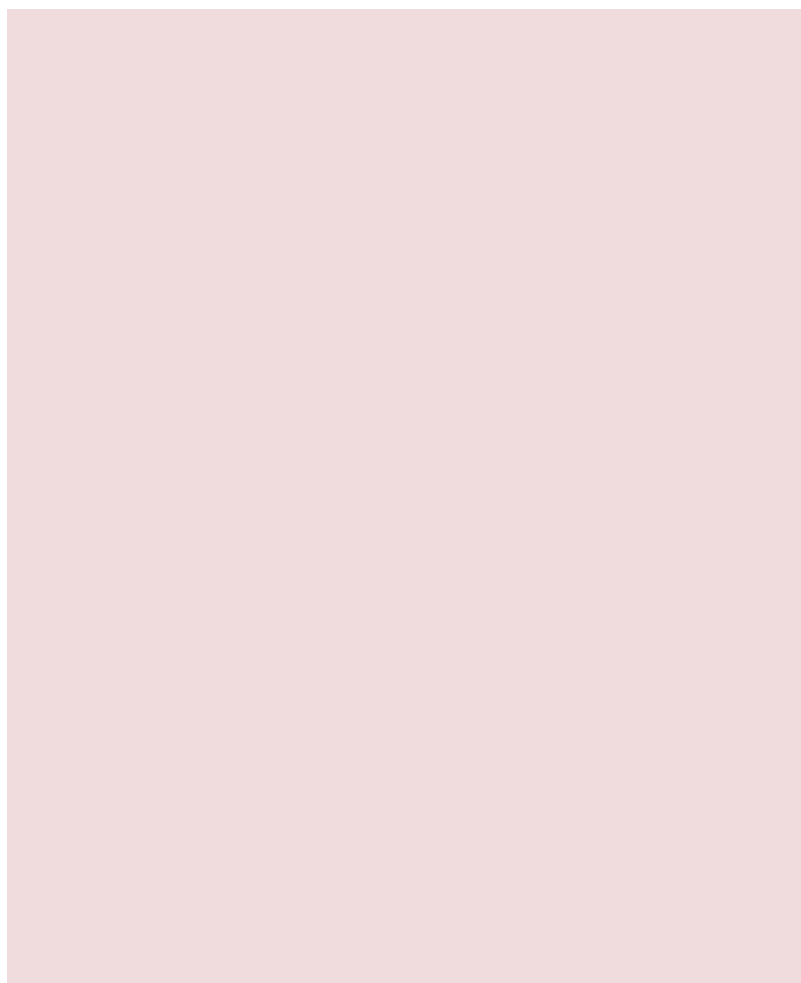

Step 4-
Coat your finger with gold, skate the candle entirely.

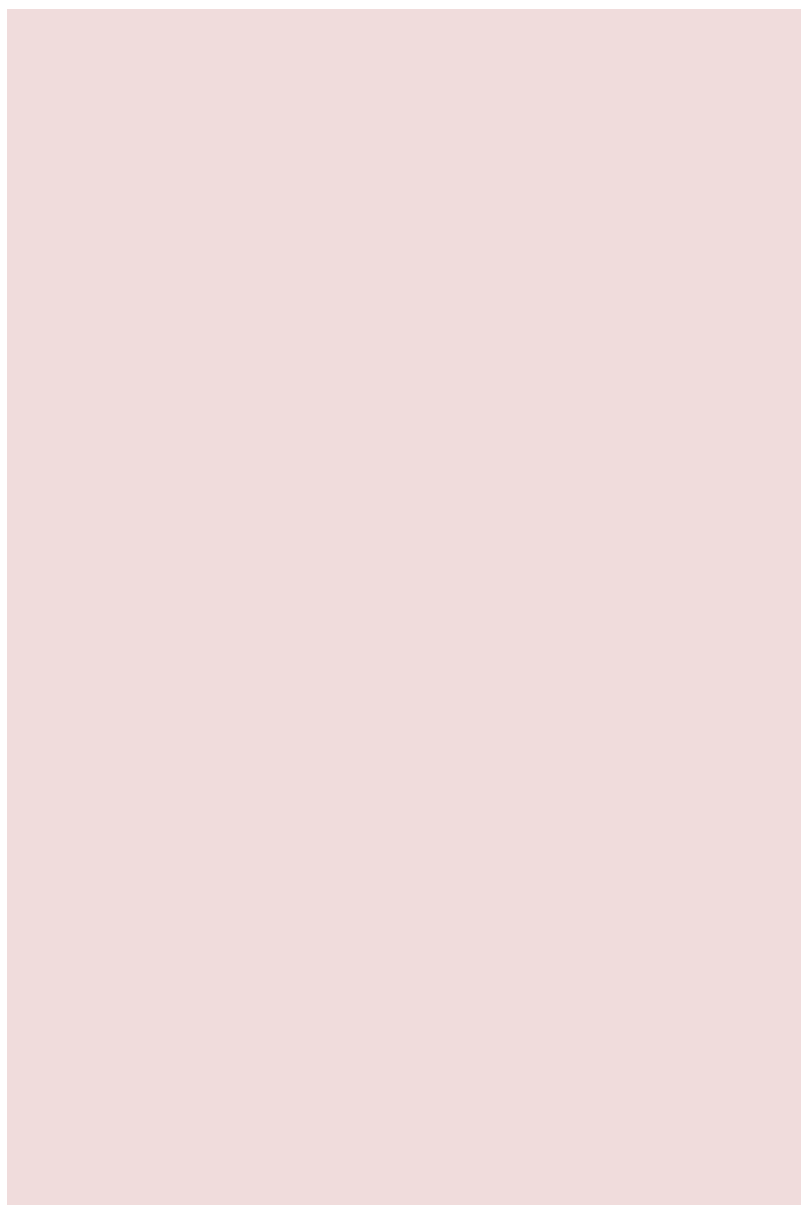

Step 5-
Glue your PureCrystal cabochons.

Which material to use for Candlestick in concrete and golden wax?
