

NECKLACE MULTIRANGS PURECRYSTAL PENDANT

Multi-rank necklace with a PureCrystal cabochon pendant easy and fast.

Step 1 :

Attach the PureCrystal cabochons to the pendant using a pair of flat pliers.

2nd step :

Put Cleotoo glue or jewelry glue into the clasp in the slot for the Miyuki Delicas beads. Place the beads one by one using a pair of tweezers or a small flat-nose pliers.

Step 3:

Cut 3 cords of waxed cotton 60 cm. Put Cleotoo glue on the ends of the cords and pinch them to sharpen the ends. Wait until the glue dries. The tips are then stiffer and will be easier to put in the tips. Put some more glue on the ends and insert the tips while turning. You can also use a big needle to push the rope into the mouthpiece.

Step 4:

Pass the cords in the pendant and attach them to the clasp with rings.

Step 5:

Cut two pieces of string the desired length. Attach the pendant to the chain and the chain to the clasp.

Step 6:

Cut the nylon thread, pass it through the remaining ring of the clasp and fix the thread with a crimp bead (see " Making nice finishes with crimp beads "). Thread the beads and close the thread in the same way.
