#### *How to weave a brickstitch Christmas reindeer?*

Do you know Rudolphe, the famous red-nosed reindeer who lights up the magic of Christmas? Perles & Co invites you to make your own miniature version of this emblematic character, in Miyuki Delicas 11/0 beads, using the Brick Stitch technique! With this tutorial, you'll be able to transform your Christmas reindeer into a unique brooch to accessorize your festive outfits or a mini decoration to hang on your Christmas tree, adding a festive, hand-crafted touch to your décor.

Brick Stitch is a bead-weaving technique that consists of assembling beads row by row, layering them like bricks to create geometric patterns. This technique is an ideal way to add a handcrafted touch to your accessories and wardrobe.

Victoire invites you to make your own Christmas reindeer with Miyuki Delica 11/0 beads, the perfect way to get into the holiday spirit and personalize your Christmas decorations or accessories. If you're new to this technique, don't worry, we've got you covered!

Before you get started, we encourage you to consult our detailed technique sheets for learning bead weaving, including: [How to start a Brick Stitch weave?](#) and [How to make a Brick Stitch weave with augmentation and reduction?](#)

These tips will help you master the technique in no time, and create designs like our Christmas reindeer. Victoire has also shared this Christmas bead weaving chart with you to make it even easier to make your reindeer.

We can't wait to see your creations! Whether you're a Brickstitch regular or a first-timer, don't hesitate to send us photos of your woven Christmas reindeer. Feel free to share your creations on Facebook and [Instagram](#) by tagging Perles & Co or using #perlesandco.
