Make yourself a pair of ethnic style bronze earrings. Do you want poms of another color? We have a selection of bobbins of special pompom thread at an unbeatable price!

Step 1 :

Open the bronze rings and put them in the loop of the pompom then add a sequin and close them on the rings of the interlayer. Watch out for the meaning of pom-poms and sequins.

2nd step :

Using a toothpick put glue in the small holes of the spacer. Place the 1.8mm PureCrystal cabochons in the holes by making them stick to your finger in the right direction or use tweezers. This step requires a lot of attention! Add the ear hook and your bronze colored earrings are ready!
