How to make a terrazzo tray?

How to create a terrazzo style with paper?

Terrazzo is still trendy this year! With some pieces of paper, deco paint and resin, Perles shows us here how to customize a wooden service tray in terrazzo style. You will have fun decorating many other wooden and cardboard stands.

If you want to improve in the resin technique, we invite you to look in our toolbox our various data sheets:

Come on, here we go!

STEP 1

Paint the bottom and inner edges of the tray with the clay colored deco paint. Leave to dry for 30 minutes.

STEP 2

Cut out the colored papers with more or less large shapes.

STEP 3

Arrange them on the bottom of the tray.

STEP 4

Prepare the Galdie crystal resin mixture and pour the resin over the cut papers.

STEP 5

With the wooden stick, rearrange the shapes if necessary and allow the resin to dry for 24 hours.

Your tray is finished, bravo!
