

## DIY JEWELRY MULTI-ROW NECKLACE WITH BEADED CHAIN AND HORN PENDANT

By : Lucie T Perles&Co

Easy

15 minutes

*How to make a multi-row necklace with a horn pendant?*

If you're wondering how to easily make a multi-row necklace, it's ultra-simple, and we'll prove it to you with this tutorial. DIY jewelry is still the trend, and we can't get enough of it! We've fallen head over heels for this beaded chain! Follow the steps, and in just a few minutes, you'll have a fancy multi-row necklace that's just too gorgeous! Go on, get started!

We love to see what you can do with the tutorials on Perles & Co. So don't hesitate to send us photos of your creations on our [Facebook](#) page or tag us on [Instagram](#) #perlesandco.

NB: Some products have been replaced by other equivalent products in the hardware list. Instead of gold-plated brass chains and gold-plated brass primers, we suggest you make your necklace with gold-plated stainless steel chains and primers. Gold-plated stainless steel is a much more durable material that does not oxidize. The new horn is also more durable than the original and more finely decorated. Tutorial updated and verified on September 20, 2024.

Which material to use for DIY jewelry Multi-row necklace with beaded chain and horn pendant?

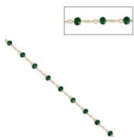

## SUPPLIES

Kit of 3 Pliers professional quality for jewelry - Chain nose pliers, Cutting pliers, Round nose pliers  
Ref. : OTL-580  
Quantity : 1

## steps

### ★ Step 1/4

```
<? if(isset($step['description']) &&
!empty($step['description'])): ?>
```

First row: cut 37 cm of gold and green chain.

Second row: cut 44 cm of gold chain.

Third row: cut two pieces of 16 cm of gold chain and 20 cm of gold and green chain.

```
<? endif; ?>
```

### ★ Step 2/4

```
<? if(isset($step['description']) &&
!empty($step['description'])): ?>
```

Assemble the first row with the second row using 3x0.5 mm open rings, and add a 4 mm ring to the first ring.

Before closing the 4 mm ring, add a lobster clasp. Also add a 4 mm ring on the other side to close the clasp on it.

Insert a small gold tassel on the second row (in the middle), using a 3x0.5 mm open ring.

```
<? endif; ?>
```

### ★ Step 3/4

```
<? if(isset($step['description']) &&
!empty($step['description'])): ?>
```

Assemble your 20 cm piece of green chain with the two 16 cm pieces of gold chain using the 3x0.5 mm rings.

Attach to the other two rows.

```
<? endif; ?>
```

★ Step 4/4

```
<? if(isset($step['description']) &&  
!empty($step['description'])): ?>
```

Add a horn pendant to the middle of the third-row beaded chain using another ring. And that's it, your multi-rank horn necklace is complete! Too easy, isn't it?

```
<? endif; ?>
```
