steps

★ Step 1/6

Cut 3 rectangles, with 2 measuring 5.5 cm wide by 45 cm long and one measuring 25 cm long by 5.5 cm wide. Fold each rectangle widthwise into 2. Stitch at 1 cm from the edge, turning the tube over with a safety pin.

★ Step 2/6

Pass the rope through the tube using the safety pin.

★ Step 3/6

Glue the single ends to the short cord and the double ends to the longer 2.

★ Step 4/6

Bring the 3 cords together, stitch in the center with a needle and cross the 3 cords several times. Finish by attaching a shell to the center.

★ Step 5/6

Wrap the top of the shell with thread, then pass a seed through it and sew it to the bottom bead, crossing over the 2 on top. Make 5.

★ Step 6/6

Connect the ferrules to the clasp with open rings.
