How to make earrings yourself?

Make these fancy pendant earrings with colorful epoxy seagulls with a marine theme featuring fish and coral charms.
Step 1
Prepare all your seagulls by putting a ring in each hole.

2nd step
Pass each of the rings in the holes of your gold spacer asymmetrically.

Step 3
Cut 3 lengths of chain by earring. The largest length is about 4 cm and the shortest measure 2 cm. Add rings at the ends of the 4 cm chains to connect them to the holes on the sides of the spacer. The smaller ones are fixed in the rings under the metal seagulls next to the center charm.

Step 4
Take your ear studs pass a ring through the hole, add a round epoxy seagull then another ring and in the ring the last blue fish. Open and close this last ring in the center of the larger chain.
