This DIY tutorial teaches you

Step 1 :

Glue a coral-colored Star Beads bead on your two ear studs with Hasulith-style jewelry glue.

Be careful not to deform!

Close your Creole by blocking its thread in the metal part.

To prevent it from opening, we advise you to slightly raise its end with the help of jewelry clips so that the thread of the creole can not slip anymore. Stick if necessary.

Step 5:

Using 2 jewelry clips and a small golden open ring, place the oval charm in the center of the creole in the hole provided for this purpose.

2nd step :

Make sure your Star Beads are stuck on your ear nail (1 night of recommended drying), then connect the ear nail to the rest of the creole using an open gold ring and jewelry clips.

2nd step :

Repeat to create your second earring.
