

## CROCHET SPIRAL NECKLACE IN TIGHT MESH RHINESTONE LEOPARD PATTERN

By : Domi Moreau - Minou84

Intermediate

5h

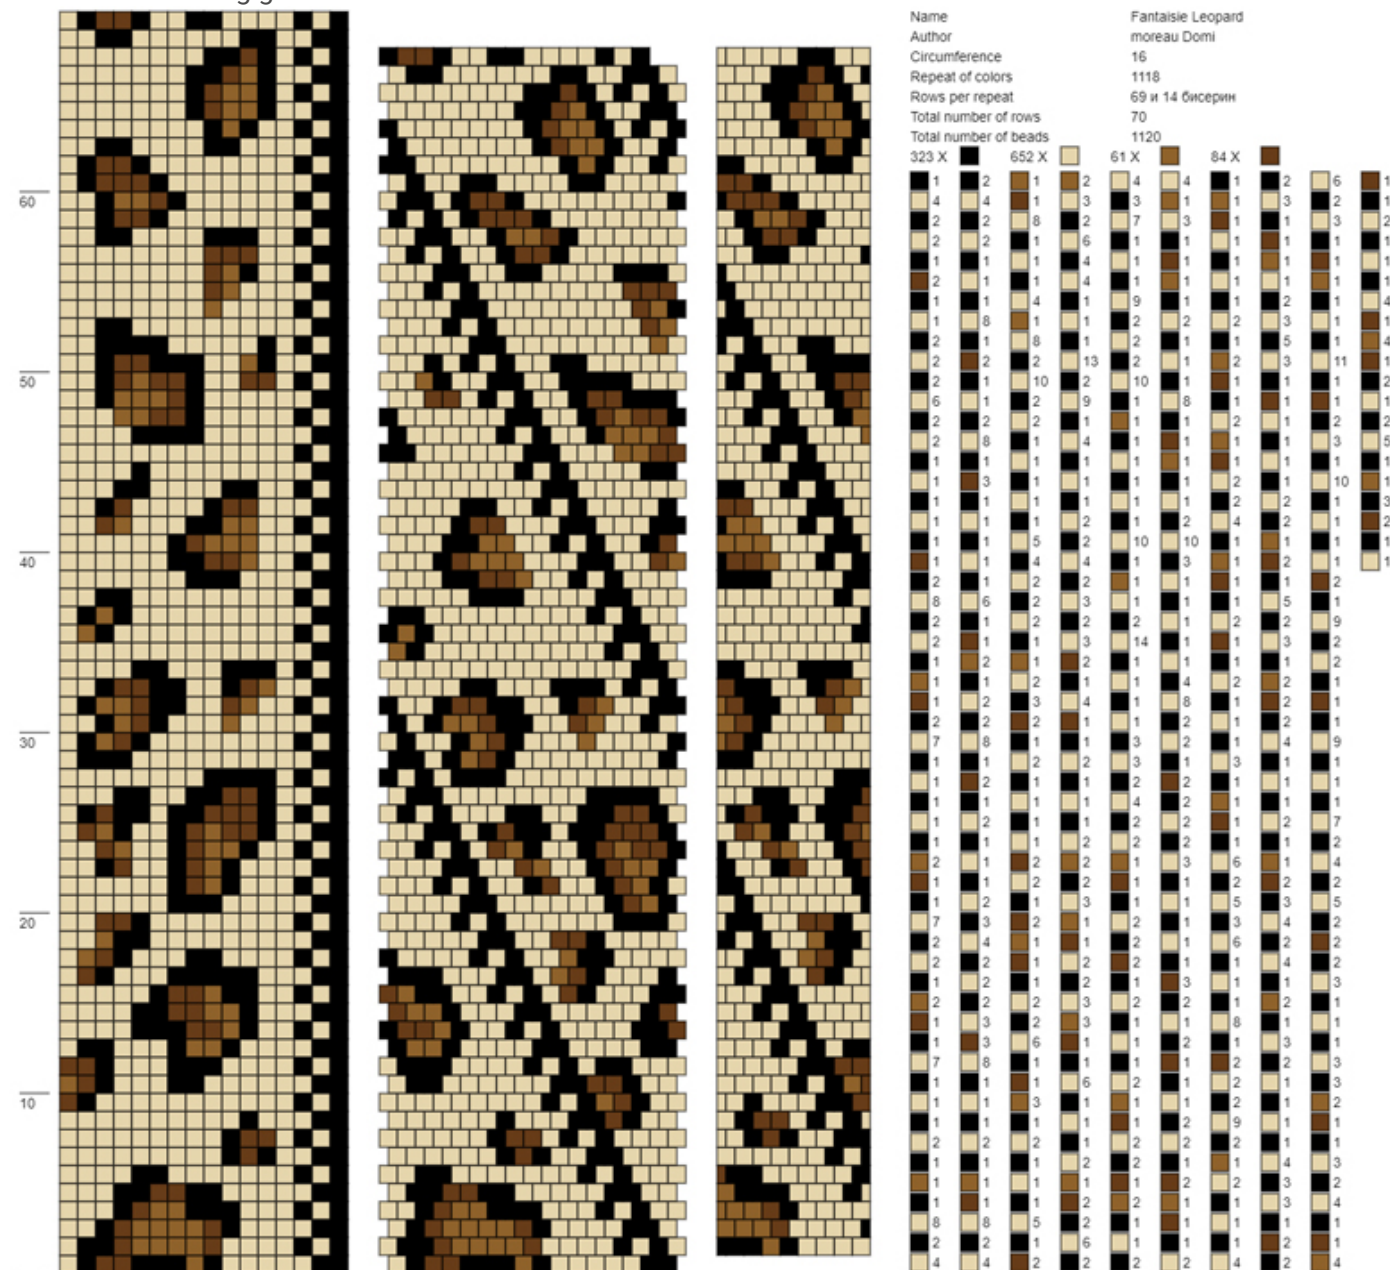

How to crochet a pearls necklace?

Dominique Moreau from the blog [Mes Perlouzes](#) offers us a new grid to make a crocheted spiral necklace with [Miyuki rockeries](#). As the trend is at "Graouh", she wove us a leopard.

Do you want to get into the spirals of pearls? Remember to look at our various technical sheets including [How to read a crochet spiral grid?](#) and [Tips & tricks for crochet spirals](#). Also check out our [tight mesh necklace tutorial with PureCrystal Crystal Mesh](#).

Good picking!

Here is the weaving grid to follow:

The designer's explanations:

This spiral is made of Miyuki R11 in tight mesh on 16 beads.

Each sequence measures 12.5 cms.

Thread each column, from top to bottom and from left to right. Start crocheting with the last bead threaded.

We would love to see your version of this necklace ... so do not hesitate to send us your photos on [facebook](#) or on our [Instagram](#) with #perlesandco, it may inspire other people!

## Which material to use for Crochet spiral necklace in tight mesh rhinestone leopard pattern?

### SUPPLIES
