

EPOXY RESIN BEAD WITH INCLUSION OF MIYUKI PEARLS

By : Karine Barrera

Easy

0 minutes

How to make a round resin bead?

In this tutorial, you'll learn how to pour resin into molds to make your own beads with inclusions. These molds, adapted to resin, allow you to bring out beads that have already been drilled. Several shapes are available: round beads, flattened round beads and oval beads.

As you know, at Perles&Co we're a bit curious... so don't hesitate to show us the results of your creations by sharing a photo of your creations with us on social networks: our Facebook page and our Instagram page.

Which material to use for Epoxy resin bead with inclusion of Miyuki pearls?

SUPPLIES

Flat pad earstuds 4 mm Fine gold plated x2
Ref. : BO-748
Quantity : 1

Chain with oval links 2.7mm fine Gold plated x 1m
Ref. : CHU-083
Quantity : 1

Mix Miyuki Delica 11/0 - Rainbow x8g
Ref. : MIX-066
Quantity : 1

Kit Gédéo Cristal Resin 150 ml
Ref. : OUTIL-617
Quantity : 1

Silicone mold to make round flattened resin beads of 12x16 mm x1
Ref. : TECH-178
Quantity : 1
