How to make bohemian earrings?

How to customize earrings with jade wire?

We offer a tutorial to make these pretty bohemian earrings and original in shades of white / wood and gold.

Personalize your DIY curls by changing the color of the pompoms. Find all our [range of imitation cotton pompoms](#).

Steps

Step 1: Thread with a needle to bead / sew the white thread between the different holes of the golden pendant. Cut the thread and then glue the excess thread onto the back of the pendant.

Step 2: Tie the ear stick to the pendant.

Step 3: Form a loop for the wooden bead with a gold nail, find our technical sheet "How to form a loop on a nail or a rod for jewelry".

You can help yourself with a [string to form loop](#).

Step 4: second nail, make a second loop to assemble the bead.

Step 5: Assemble the pendant and bead to the stick and hook from the back of the earring.

Step 6: Repeat all these steps for the second earring.

There you go! Congratulations, you have completed this DIY.
