How to make mini earrings for stacking?

The accumulation of jewelry or "stacking" in English is a trend that has been raging in recent years. First on the wrists with beautiful bracelets, then in necklaces, it is now available on pierced ears. Of course it takes several earholes to achieve an accumulation of earrings but you can also wear them separately.

All the art of jewelry stacking is knowing how to combine shapes and materials to create a unique but coherent style. We offer [tutorials to create your jewelry for stacking](#).

In this tutorial you will find 3 models of simple and cute earrings to wear either together or separately. Do you know the Dollars des Sables ? "Sand dollar" in English, its pretty round shape and its central star will go perfectly with the round mini charm and small star charms. A style of Kawaii earrings that smell good holidays!

Creating small earrings is very easy. All you need is a simple jewelry fitting for beginners or just threading.

Do you love these little earrings but you have allergies easily? We suggest you use earrings 925 silver or gold filled. Gold filled is a technique that consists of covering a metal base part a much thicker gold layer than the gold plated, so you will have even less risk of allergies with this technique.

Mini golden hoops:

Open the circles and slide the charms on them. Be careful to alternate the direction of threading. If you want to customize your earrings a little, here is a selection of small golden charms.

Sleepers with shell Dollar of Sands:

Open a golden ring and slip in the sleeper and the sea urchin skeleton charm.
